icsma | International Civil Servants' Mutual Associations of United Nations and Specialized Agencies, Geneva

A new chapter to serve you better

Dear Members,

As part of the integration of GPAFI into La Mutuelle's structure, and as mentioned at the last General Assembly, we are pleased to announce several major changes which will be implemented in the near future, namely:

A new logo for ICSMA, La Mutuelle and GPAFI

The logo below will replace those of ICSMA, La Mutuelle and GPAFI and will henceforth be the unique identity of the Association and its entities. This new single visual identity will also avoid some of the confusion that exists with the 3 current logos.

The gradual disappearance of the GPAFI designation

The integration of GPAFI into La Mutuelle will entail the gradual disappearance of its name in favor of " La Mutuelle ", until its extinction when the single IT system is implemented for both entities.

A new joint website for La Mutuelle and GPAFI

The websites of La Mutuelle and GPAFI will be combined on a single site, www.lamutuelle.org (currently dedicated to La Mutuelle).

This merger will enable us to respond better to your needs by bringing together all our services on a single, simpler and more accessible platform.

It should be noted that secure access for La Mutuelle members will be replaced at the end of the IT changeover, i.e. during the 2nd half of 2026, and that it will integrate all services, including insurance.

La Mutuelle

www.lamutuelle.org

Except for the three changes listed above, rest assured that nothing will change for you: your services, contracts and contacts will remain the same.

We sincerely appreciate your trust and remain at your disposal for any questions.

For ICSMA,

Marie-Pierre Fleury
Executive Secretary
